

GANJI RAJU

Python Developer | ReactJS Developer | SQL & MySQL | Web Application Developer

Hyderabad, India | +91-8143813891 | rajunetha2004@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

CORE COMPETENCIES

Python Development • ReactJS & React Hooks • JavaScript (ES6+) • REST API Integration • MySQL & Database Design • Responsive Web Design • Git & GitHub Version Control • Figma-to-Code Implementation • Debugging & Coded UI Testing • Problem Solving

PROFESSIONAL SUMMARY

Computer Science graduate skilled in Python, SQL, MySQL, ReactJS, JavaScript, HTML, CSS, and Bootstrap. Experienced in building responsive web applications, integrating REST APIs, and developing clean, user-friendly interfaces. Strong foundation in software development fundamentals, database management, and version control with Git and GitHub. Seeking to contribute to an innovative development team while growing technical expertise in modern web technologies.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL, HTML5, CSS3

Frameworks / Libraries: ReactJS, React Hooks, React Router, Django, Bootstrap

Databases: MySQL

Tools & Platforms: Git, GitHub, REST API Integration, Figma-to-Code, Responsive Design

Other: Coded UI Testing, Problem Solving, NLP Fundamentals

PROFESSIONAL EXPERIENCE

Frontend Developer — Vrittify AI

Oct 2025 – Jan 2026

- Developed responsive user interfaces for an AI-powered learning platform using ReactJS, HTML, CSS, and JavaScript.
- Converted Figma designs into functional, reusable React components to improve development efficiency.
- Built role-based dashboards, quiz/assessment modules, smart scheduling, and a leaderboard system to boost engagement.
- Integrated REST APIs and optimized navigation and UI across mobile, tablet, and desktop screens.
- Collaborated using Git and GitHub for version control within an agile team workflow.

Web Development Intern — Eevolution Technology

Feb 2024 – May 2024

- Built responsive web pages using HTML, CSS, and JavaScript, improving UI consistency and user experience.
- Collaborated with team members to deliver high-quality, front-end web solutions on schedule.

PROJECTS

AI-Powered Learning Platform (Vrittify AI)

React.js, React Router, JavaScript, CSS

- Built a responsive platform supporting personalized learning, assessments, scheduling, and progress tracking for teachers and students.
- Implemented role-based dashboards, quiz modules, smart scheduling, leaderboard, and a doubt-resolution workflow.

Task Scheduler – React Task Management App

React.js, React Hooks, HTML5, CSS3

- Developed a task scheduling app to create tasks, assign priority levels, set deadlines, and track completion.
- Used React state, conditional rendering, and list rendering to dynamically manage Upcoming and Completed task views.

Audio to Sign Language Translator

Python, Django, HTML, CSS, JavaScript, NLP

- Built an accessibility-focused app converting speech to text and mapping processed words to sign-language visuals.
- Implemented speech-to-text conversion, text preprocessing, and an animated, accessible output interface.

EDUCATION

B.Tech, Computer Science and Engineering — Annamacharya Institute of Technology & Sciences (JNTUH)

Intermediate (MPC) — Pragathi Junior College

CERTIFICATIONS

Full Stack Web Development
